A Wasted Life.

The other day a man was overheard coliloquizing. He was saying something like this: "Not long ago I visited a emetery and saw a tall and costly monument glittering in the sunlight. I know the man who sleeps beneath. I wonder if in the world beyond the stars he found happiness. He certainly did not this side the meridian. He gave his strength in the chase for gold. His schemes by day and his dreams by night were of now he could increase his harvest. He never saw the sorrowful face of the widow in want nor heard the plaintive hunger. The birds sang gaily in the tree-tops, innocent flowers wafted their perfumes to him and the sunlight danced across his path, but he heard nothing. The only music that he heard was the jingle of the gold as it dropped into his coffers. In the flush of his conquest and power he was stricken down, and now leeps on the hill with the poorest. He eft behind no legacy of kindly deeds, no therished words of hope, no aching heart for a friend who has gone. His gold has built for him a monument of cold and pulseless granite that defies the moans of the wind as his heart defied the sobs of humanity. In the democracy of the grave there is no caste, and I say that this man wasted his life as much as the rum-soaked pauper who sleeps in the potter's field a stone's throw away.

You judge a man not by what he promises to do, but by what he has done. This is the only true test. Chamberlain's Cough Remedy judged by this standard has no superior. People everywhere speak of it in the highest terms of praise. For sale by dealers. m6-1m Dan Breck, fire, lightning, cyclone
